

Academy Values Ethos and Vision

Welcome to The Parks Academy.

We are a Good school. (Ofsted December 2016)

Our aim is simple - we all do our bit to ensure pupils achieve the very best that they can.

Having achieved a Good rating from Ofsted, we are now setting our sights on being the best. Our target is to become Outstanding. We want the very best education for our pupils.

Our ethos

Our Academy's ethos is based on the traditional values of hard work, kindness, friendship, respect and honesty. Our ethos is firmly rooted in traditional British values. Learners feel safe in a caring and nurturing environment. We strive to enhance the lives of learners throughout the local, national and international community, equipping them with the skills and knowledge to fully engage and make positive contributions to society. **Children are at the heart of everything we do.**
